

IKON

SERIES

ONYX™

OUR BOLDEST APPROACH YET TO HOME LANDSCAPING.

3 YEAR
OR
300 HOURS
WARRANTY

Every lawn mower makes a statement. The IKON ONYX™ makes several. It lets your neighborhood know that when you mow your lawn, it's anything but business as usual. Even parked in your driveway, it tells passersby you don't settle for just any machine to cut your grass. This is premium style and performance from the top of its comfortable high-back seat with its rubber isolators to the bottom of the aggressive tread on its rear tires.

THE ENVY™ 11-GAUGE STEEL FABRICATED DECK

Envy's 4 1/2 inch-deep steel deck is designed for optimized airflow for our best cut on a residential machine. Caged anti-scalp wheels protect your lawn from damage from minor bumps and scrapes.

TALLER AND WIDER SEAT

Ready for the long mow! This seat is 22" tall to provide more back support. Molded armrests give your arms a rest, while the integrated seat isolation smooths out the bumps and engine vibration for a comfortable ride.

HEIGHT OF CUT SYSTEM WITH 13 POSITIONS

A foot operated deck lift raises quickly to avoid obstacles or to adjust height. It also has an easy-to-use commercial-style magnetic tapered pin to prevent unwanted rattles.

BOLD DESIGN

The IKON ONYX™ brings premium quality and style to your neighborhood. The 2-tone black on black paint with orange highlights and custom graphics is a head-turner leaving a perfect cut in its path.

ONE-PIECE, FULLY-WELDED TUBULAR CHASSIS

This all-new chassis displays strength and durability. Its closed tube frame rails and fully welded construction techniques were influenced by our commercial mowers.

HYDRO-GEAR® EZT® TRANSAXLES

Complete with optimized cooling to ensure maintenance free, smooth operation for many acres of mowing and many years to come.
